

# SERIAL VIBE KILLER

Chip tha Ripper

She would rather die than apologize  
If she would be laying in the casket, grinning  
Hella dramatic, overreacting, making and killing  
Exotic living, ain't even got an ass, she winning

I don't answer her phone calls  
I'm on some bye, Felicia  
Ain't too nice to me and she disrespectful  
She buy the refund

She treat her nigga like he the personal assistant  
These niggas thirsty, persistent  
She pimpin', squirting, dismissing, huh

Showing up unannounced, drunk, being too loud  
Security in the office building had to show her out  
She cussing out the receptionist, got no reservation  
She waiting, hoping and praying to overhear someone hating

She a killer, serial killer  
She a fly nigga, imperial eye thriller  
Hella dramatic, knocking shit over like Godzilla  
She wouldn't get on my last nerves, but I'd hit her

Like I got A-cups, nigga  
Triple D's, nigga

She need to calm down  
She vegan, but love the beef  
She love checking some bitches  
And running all through the streets

She giving them hell  
Got BBL, she got snatched  
That mean the doc took it  
From the front to the back, yeah

She talk over niggas, yeah  
She impossible, she impossible  
She got a different nigga  
Help with any obstacle

She got a Rolodex  
And niggas do her favors  
She got bitches signing NDAs  
And bitches signing waivers

She a vibe killer, serial vibe killer  
She a fly nigga, imperial eye thriller  
Hella dramatic, knocking shit over like Godzilla  
She would get on my last nerves, but I'd hit her
