

Sprinkle Me

Chip tha Ripper

I said sprinkle me baby
I twitch everytime you think of me baby
What a connection we got here
But whenever love knock I tell her you not here
And if the beat drops I'm about to shock me
I'm cool keepin' it cool what got me here
I take the bottom of my lighter and pop me beer
And drink about the time niggas got shot and teared
Cry me a 50 cent juice
Sippin' on the fago spitin' that truth
Pass me a flathead couple screws loose
First class on the train while you stuck at the caboose
Niggas love my shit fuck I'm 'bout to do
Bite my style 'till you fuckin' up the tooth
Gotta call you back girl I be fuckin' up the booth
Niggas got mil's I just want a couple too
Shit, and I wanna get with you
But girl understand I be havin' shit to do
Cause time is a lamborghini, bentley, ☐ phantom, brand new tv
Grand piano, leather sofa, limo chauffuer, brand new mansion
Shoes to match it, with the jacket, automatic systematic, bitch
the baddest
Whip the baddest, that ain't new Chip just had it nigga
