

TOSS IT

Chip tha Ripper

She a real pretty girl, a business girl
Put some dick up in her world, hit it with a swirl
I'm the type of nigga that will get a hotel
I'm the type of nigga that will hit, it won't tell

I'm the type of nigga got a whole lot of motion
Put yachts on the ocean
I got lots of devotion
'Cause lots of commotion

Pulling up and hopping out
And give no fuck about it
Walk up in the room like I don't know no fucking body
No front desk when I'm walking to the lobby
Straight to the elevator, finna get it popping

She's so bad she made a car crash
Her friend shot it to me, but it was a hard pass
They say hard head be making a soft ass
I'ma swan dive in that pussy, it's all splash

Backstroking through the apartment
Breath stroking through the apartment
Legs over your head, right on the carpet
That's some of the best dick on the market

Aw shit, don't come in here trying to start shit
Because you know how I get, I'll be done lost it
Got money on tap, it's a faucet
If you got a fat ass, then toss it

If you got a fat ass, then toss it
If you got a fat ass, then toss it

Let me guide you to my Cash App
If you do got a fat ass, baby, go ahead, toss that motherfucker

If you got a fat ass, then toss it
Toss it
Toss it
Toss it
Toss it

If you got a fat ass, then toss it
If you got a fat ass, then toss it
