We surrounded by chemicals nigga the enemy sneaky and devious

Are you serving the FDA approved food that killed your granny right at the funeral

You are racist yeah but the real ops they don't give a fuck about none of us  
Both our families died on hospital beds in pain right in front of us

Why you ain't ride for that? Why you ain't slide for that?  
You sat back ain't do nothing why you don't feel like a bitch because of that?

It's 99% versus the 1%
