If you, you, wanna come against I, I
That Lambo weren't yours, no, you're not KSI-I
Turn into the devil, that's fine, fine
God flow just in time, time
You wanted a MOBO so bad
Send your address, I'll send one of mine, mine
Don't worry about me, I'm fine, fine
Too much gym or rhymes, rhymes

Pree my @s, I said blast you for that, I said, ok that's fine, fine
Sometimes I'm a sweet boy, right now manaman are on grime, grime
You came out in a Green Lam, went home, face sour like lime, lime
This year not your time
Pepper man normal
Your negative energy ain't normal
Chillin' with the mandem, smoking weed on the sofa
Winning MOBOs, normal
The way you got in the game is not normal
The way you hop on names is not normal
You still wanna turn into Lucifer
You need holy water, you ain't normal
Don't rate me in silence, tweet me, I want feedback
I told them I'll smash mine, weighed it up, they don't need that
Next time pick your battles more wisely, I'm not the one you idiot
Say you wanna clash me, tell Delissa
Holla my manager, idiot
If the money ain't right, don't waste my time
Like fuck it, I'll dig you out of your grave just so I can bury you one more time
Duppy Riddim, you didn't reply
Cause you know the powers that got to your mind
I'm cut from a cloth that you're not designed
Chipmunk relegator, can't compete
You signed up to a mission that you can't complete
This ain't GTA or San Andreas, this is real life, you chief
You didn't prosper at the awards cuh look how you come in the game, cheat
CTRL+ALT+DELETE, cheat

If you, you, wanna come against I, I

You wanted a MOBO so bad
Send your address, I'll send one of mine, mine
