(M1 On The Beat)

Sha-shawty want a kid, I ain't ready
Still, she all up in my bedsheets
Shawty my slime, my jelly
Turn off the lights and telly
Mek yuh belly hurt like burpees
Now she wanna eat my Hershey's
Who's on my mind? Her, she
Who's on my mind? Her, she

(Chippy)
I'm bareback in my grind (Grind)
I'm barebackin', that's mine (Mine)
I don't ever like your pics (Mm-mm)
But I'm double-tappin' it right (Right)
Handprint, slappin' it right (Baow)
Two hands, splittin' dem thighs (Woo)
See the good, mm-mm, that's mine

Burners on burners on burners on burners
I got that on me when I'm in the booth
I just told them, "Pull up on pull up on pull up"
You can come to the truth
Yeah, four K or liposuction, say, what would you do?
Fuckin' a friend and her she

Sha-shawty want a kid, I ain't ready
Still, she all up in my bedsheets
Shawty my slime, my jelly
Turn off the lights and telly
Mek yuh belly hurt like burpees
Now she wanna eat my Hershey's
Who's on my mind? Her, she
Who's on my mind? Her, she

Mmm, I can still taste your pussy when I made this song
She said, "You ain't suck my pussy, you're taking long"
Mmm, king of the kitchen, my apron on
Hammer on me, I wave my wand
Birkin, Birkin, Birkin, fuck the opps, I wave my wand
Fucked her in the arse to my favourite song
How-how you tryna sound like Ay? You're wrong
What the fuck do you take me for?
She an amazing one, I just made her cum

Ayy, shawty confessing, she's freaky for sure
If I'm in the booth, yeah, I did that before
Different bedroom, kitchen, staircase
Neighbours complainin', she bangin' the walls
I-I put my dick where you shouldn't
Put my mouth where you wouldn't
Callin' shots like I'm Vladimir Putin

Sha-shawty want a kid, I ain't ready
Still, she all up in my bedsheets
Shawty my slime, my jelly
Turn off the lights and telly
Mek yuh belly hurt like burpees
Now she wanna eat my Hershey's
Who's on my mind? Her, she
