It's Alright

Chipmunk

Yes, alright, I had a mad week, stressed out, I'm a gain tonight
Fantasizing 'bout brain, got someone in mind.
But that's just a race against time,
See yeah them groupie girls are a blur
Cause too much pussy ain't good for the grind
Yes it's my lash up, we do our own shit in the day, link up at night.
Put the keys under the mat, I'll be there in 5
Yeah you know it's that time, I find myself in her
Whenever I get lost in her eyes
Kush for me, wine for her, dizzy but I make otime for us
She let's the frenchies slide for me,
I let anything slide for her
Straight crazy life, cherish the moments
I'm away for nights, clothes off, rollie on
So I could take note of the time

I'm a hit it from the moonlight, till the sun rise
And we both dresse well but the clothes fly
And I know I don't get to see ya all the time
So tonight, I'm a let you slide, it's alright
Yeah never had a good boy like me
You ain't never had a girl put it down like me
But tonight's the night,
See you fallin out of the sky, with possibilities
Do everything in one night, as long as I'm with you
It's alright, it's alright, do whatever we like
As long as you're here with me, know it's alright

Cause I be on a high when you come
You be on a low when I leave
And they say out of sight out of mind, but that's not the case when it's you and me.
It's alright, it's alright
It's alright, it's alright

We get down in my pad, but my shit's on lock
I go in like I'm playing darts, she know I ain't for the spot
She appreciates when I'm here, misses me when I'm gone
She sings along to every girl but hates until you were gone
In the morning, might be gone in a plane
But I'll be straight to you when I'm back
And I'm gonna pump till you get asthma
Yeah you know you got a nigga all gassed

I'm a hit it from the moonlight, till the sun rise
And we both dress well but the clothes fly
And I know I don't get to see ya all the time
So tonight, I'm a let you slide, it's alright
Yeah never had a go in like me
You ain't never had a girl put it down like me
But tonight's the night,
See you fallin out of the sky, with possibilities
Do everything in one night, as long as I'm with you
It's alright, it's alright, do whatever we like
As long as you're here with me, know it's alright
Cause I be on a high when you come
You be on a low when I leave

And they say out of sight out of mind but that's not the case when it's you and me.
It's alright, it's alright
It's alright, it's alright

I want you, give me your love
Energy, if only for one second more
Baby it's alright, I said it's alright with me
See you fallin out of the sky, with possibilities
Do everything in one night, as long as I'm with you
It's alright, it's alright, do whatever we like
As long as you're with me, know it's alright
Cause I be on a high when you come
You be on a low when I leave
And they say out of sight out of mind but that's not the case when it's you and me
It's alright, it's alright
It's alright, it's alright.
