

Like A Movie

Chipmunk

You see my life is like a film
Begin and middle, it hasn't got an end yet
Grab your popcorn
You find all, better fucking drink and fuck what you think

My life is like a movie, all you do is sit and watch
You talents is bunch of ads, it's nothing to have you dropped
Part is like a hit single, I don't play it bro
Hit you with the right hooks, get radio
From a boy into a man in front of publics
I ain't tryina hear about you writers, you ain't published
You lookin for a deal, you lookin for a deal huh?
I'm lookin for the real, I'm lookin for the real yeah
New year, new swag, spend that old money on new things, yeah I'm the man
Fuck I remember when I never had a grind
I met the devil, I refused to shake his hand
I met record my nigga show me the plan
He told me even in defeat, you hold your chest up like a man
And if you wanna get tattered, my nigga do that,
Sky's the limit, lil nigga, where your roof at
I'm tryina make hope, you tryina make dough
I got a great flow, you bought drake's flow
Give me the ball I'll never drop it
World in my palm, queens head up in my pocket
My life is like a movie and the film's fuckin sick
Table full of lights, everybody take your pic
Hey yo gyaf, take a pic, fuck off being in this fuck off bitch

I said my life is a movie, welcome to the premiere
Niggas know I go hard, plug me the...
Red carpets, black tie suits, we on the road
You little fuck boys probably never heard, that's how we roll
I triple dare you have a go,
I triple dare you, triple dare you, triple dare you have a go
Pick a care, yeah, that's my denim... and nigga I stray
Toast to my team, toast to the dream,
I don't reel half these niggas but, toast to the scene
Toast to the niggas going at me, I love it
Got replied, probably sent it when you buzzing
What you gonna do me, what you gonna do me
My niggas pop corn like we in the movies
Used to rate Dixie, now I love sushi
3 piece for your girl, basically she suits me
This film is fuckin cold, rollie on gold
Next on snow, I'm getting quad on my... it's kinda pendive
But you can't predict my ending
See I may... team full of dons, yeah we on a cruise
50 carats for the tone
Yeah we still getting strong, 9/11 we the bomb

Get here with my team, here's a toast to the life
Fuck you dudes and hoes that do whatever I like
Beautiful and she would do whatever I like
And it may seem like a movie but it ain't it's my life
Touch down this morning, we'll be out it by the night
And your girl's coming with us, all the... wanna fly
She's so beautiful she do whatever I like

And it may seem like a movie but it ain't it's my life
And it may seem like a movie but it ain't it's my life, my life, my life
And it may seem like a movie but it ain't it's my life, my life, my life
And it may seem like a movie but it ain't it's my life.
