

# No Goat

Chipmunk

(M1OnTheBeat)

Going through a lot of pains  
Snakes and Ladders, growing pains  
Thought you said he was your dawg  
He ain't even post your tape  
Brodie said he was your dawg  
Mmm, no, he fucked your bae  
Man can't school me 'bout the game  
I know who's real, I know who's fake

Nah, nah, stop it still, stomp on 'em  
You don't want me talkin' this real shit, innit? (Jeez)  
You ain't no G.O.A.T., mate, you a sheep  
You stole your flow  
Yeah, man  
Aight, cool, cool, cool  
Talkin' 'bout legacy and that  
Nobody knows you from we're from  
Nobody gives a fuck  
You're a fuckin' sheep, man  
You ain't no fuckin' G.O.A.T  
Who you get dem flows from?  
Your music's shit, you ain't a fuckin' G.O.A.T (Yeah, man)  
Ain't no legend, man got no legacy

Uh, if I take that shot, I won't miss  
Sold out show, on stage, you look stiff  
Starboy with this pen, I'ma wiz'  
I'm in the year 2000 and Chip  
Men lie, women lie, so do numbers  
But you can count on me to go in  
Dem man, must be workin' with juju  
I don't care where you charted, you're shit

(You know that I'm)  
Not trappin' in country (You know that I'm)  
The coldest in the country (You know that I'm)  
High, you ain't above me (Ah-oh, you know that I'm)  
Sippin' on a strong one (You know that I'm)  
Invested for the long run (You know that I'm)  
Told Drizzy, "I'm on one" (Ah-oh)

Can't-can't fool me, n-nights when it's go time  
Can't fool me, would you ride if your bro died?  
Can't fool me, you ain't bigger than your co-sign  
Can't-can't fool me, old-school or new-school, can't school me  
You don't wanna see me get unruly  
Fuck the hierarchy, they can't rule me

Fuck the get-along-gang now  
I don't wanna get along, man, stop gettin' on man  
One-one pen, that's a weapon in hand  
What you know about leverage, gang?  
When men were gettin' on me  
I crept back like, "Revenge is sweet"  
Braces just didn't help, got bars like guns, I buck with these teeth

I could see you, you could see me  
I could see you're not a true MC  
You just want a Rolex or a AP  
To stunt for the 'Gram, 'lowe it, leave  
Everybody wanna be versatile  
Now I allow it, it's 'cause of me  
Never went viral dancin'  
S-show you the power of barrin'

(You know that I'm)  
Not trappin' in country (You know that I'm)  
The coldest in the country (You know that I'm)  
High, you ain't above me (Ah-oh, you know that I'm)  
Sippin' on a strong one (You know that I'm)  
Invested for the long run (You know that I'm)  
Told Drizzy, "I'm on one" (Ah-oh)

Can't fool me  
You act like you're righteous, can't fool me  
Your scene, I'm behind it, can't fool me  
Been here, done mileage  
Dem men'll study me, learnin' rhymin'  
Teacher, no pupil, look in my eyelids  
Show you a thing or a few 'bout survivin'  
Dem man talkin' G.O.A.T.s, gimme Joe  
On God, taught dem boys how to flow  
Ayy, style I'm coming with never known (Never known, never known, never know  
n)  
Who did you grow up on? Tell the truth  
Don't say me, that's lies in the booth  
Firing from angle acute  
Chippy
