You got too many, girl, I got three many
Four many, five many, fuck it, more Henny
Yeah
Your girl around me, nah, I don't need any (Yeah)
You got too many, girl, I got three many (Oh)
Four many, five many, fuck it, more Henny

You better love a lady like me
Top of the shelf, I be like no other
No time for wasteman, I beg you don't bother
You better love a lady like me
You never see a badder girl like me
See my type of love, better not pass any up

Yo

If I was Muslim, I could have four wives, calm
She want love but it's cap, not a chance
Can't be no wifey if I met you in a dance

I know some gyaldem that really wanna have my yout
And can't even cane roll certy
I know some gyaldem that look good, cook good, work hard
Baby daddy gone, that's a good look
Don't tie yourself to no wasteman, baby
Get a good stepdaddy, you can have more babies

I know some gyaldem that got the full package (Oh)
Make me think horse and carriage, maybe marriage
Settle down, level up, stop being savage
No games, one main, no salad (Yeah, yeah)

Yeah, I love a natural beauty
Who doesn't need makeup to be a cutie
True say the gyaldem love until mornin'
But makeup on the sofa can be awfully jarring
So big up the gyaldem with they own crib
Even if you renting, that's some grown shit
Saving up your wages, tryna own shit
Laughing at your ex 'cause he don't own shit (He don't)
But if your vibe attracts your tribe
How do good girls end up with the bad guys?
Girls spending money to look like the Kardashians
It's hard in these times of Meghan Thee Stallion (Big facts)

I know some gyaldem that got the full package (Oh)
Make me think horse and carriage, maybe marriage

Settle down, level up, stop being savage
No games, one main, no salad (Yeah, yeah)
