Time Machine

Chloe Adams

We were almost perfect
With the key word being 'almost'
And so I ran to someone else
Followed by a tall ghost of
Everything we used to be
It's towering up over me
Don't think I'll ever let it go
So I just wanted you to know

I want to go back to the day when I met you
And do it all much better
If I had a time machine I'd never have left you
And we'd still be together
Hindsight is vicious
Looking back at pictures
That's all I ever really seem to do, yeah
I want to go back to the day when I met you
And do it all much better

Hey...
Do it all much better
If I had a time machine I'd never have left you
And we'd still be together

I remember thinking
There's bad things that we won't fix
Guess I forgot about the good parts
And the things about you that I'd miss
Now it all comes flooding back
Like a wave that's holding nothing back
And I can't wait till the night ends
Cause I'm left here in the silence

I want to go back to the day when I met you
And do it all much better
If I had a time machine I'd never have left you
And we'd still be together
Hindsight is vicious
Looking back at pictures
That's all I ever really seem to do, yeah
I want to go back to the day when I met you
And do it all much better

Hey...
Do it all much better
If I had a time machine I'd never have left you
And we'd still be together

If I had a time machine
I would never leave you
Why did I ever want to?
