

# Call Me

Chloe Ament

My doctor said that I was fine  
That clinically I'm in good shape  
But if she saw me around you  
She'd change her mind, say I'm insane

No, it's not that I'm in love  
I think it's more that I'm alone  
Yeah, it's impossible but I don't mind it  
Probably 'cause my mind just comes and goes

We don't need to fall in love, just in between  
I'll go wherever you want me to be

I can tell you feel it too, you should call me  
I would leave it all for you, if you called me  
I wouldn't have to dream  
I'd never have to dream

It's not your fault I got attached  
It's just you didn't put up walls  
And, yeah, the most I heard you was your voicemail  
But even that would cut me off

I saw you the 4th of July  
I thought that I had come prepared  
Tried all day to catch your eye, but I know  
I shouldn't have to try, you should just care

I can tell you feel it too, you should call me  
I would leave it all for you, if you called me  
I wouldn't have to dream  
I'd never have to dream

Pick up the phone, why don't you pick up the phone?  
Pick up the phone, why don't you pick up the phone?  
Pick up the phone, why don't you pick up the phone?  
Pick up the phone, why don't you pick up the phone?

I can tell you feel it too, you should call me  
I would leave it all for you, if you called me  
I wouldn't have to dream  
I wouldn't have to dream  
I wouldn't have to dream  
I'd never have to dream  
I wouldn't have to dream  
I wouldn't have to dream  
I wouldn't have to dream  
I'd never have to dream

Wait, I wanna do it again
