

# Destiny

Chloe Ament

Chasing the smoke of the last cigarette we shared  
Walking back home cause I can't find you anywhere  
Everyone is telling me you sold your soul  
But I still feel you in my bones it's good as gold

Follow the smoke of the candle I blew out beside your bed  
I lit a path for you but you chose a wayward, winding road instead  
You told me I brought out the best in you  
Your inception, misdirection, blinded like a fool

And all I wanted was you for forever  
But it seems like destiny doesn't want us together  
I can't push back anymore  
The universe is at our door

Your siren song lured me out to sea beneath the waves again  
I'm suffocating but I can't seem to find it in  
Me to hold my head above the rising tide  
My lips are turning blue, you were my perfect crime

And all I wanted was you for forever  
But it seems like destiny doesn't want us together  
I can't push back anymore  
The universe is at our door

Oh, oh, oh, oh, oh  
Oh, oh, oh, oh, oh  
And I don't have it in me  
To watch you meet your end

And if we're meant to be apart  
Tell me why is it so hard  
And if it's true we're not meant to be  
Why is it so easy  
And if we're meant to be apart  
Tell me why is it so hard  
And if it's true we're not meant to be  
Why is it so easy

And all I wanted was you for forever  
But it seems like destiny doesn't want us together  
I can't push back anymore  
The universe is at our door

Oh, oh, oh, oh, oh  
Oh, oh, oh, oh, oh  
And I don't have it in me  
To watch you

Oh, oh, oh, oh, oh  
Oh, oh, oh, oh, oh  
And I don't have it in me  
To watch you meet your end
