

Something More

Chloe Ament

I've been trying to carry every burden and all the baggage
And I'm feeling how it's weighing me down
I've been trying to escape all the hurting
The pain I accidentally started escaping, and now, mm

I've been relying on myself
I've cut out all the people who authentically
Wanna see me, so I
I've been relying on myself
And it's starting to take a toll on my health
Can't even sleep through the night

Give me Your "Something more"
Lead me through the back door
Everything I think I know
Will You show me how to let go, let go
Let go, let go

Ooh-oooh, woah-oh
Ooh-oooh, woah-oh
Ooh-oooh, woah-oh
Let go
Ooh-oooh, woah-oh
Ooh-oooh, woah-oh
Ooh-oooh, woah-oh-oh

I've been trying not to get in the way
Getting so afraid maybe the ones I love are tired of me
I've been raising expectations for myself and for my strangers
'Cause my head and heart can never agree (Oh-oooh-oh)

Give me Your "Something more"
Lead me through the back door (Take it all)
Everything I think I know (Think I know)
Will You show me how to let go (Show me how to let go)
Give me Your "Something more"
Your peace is all I ask for (You can have it all)
Every time I take control (Every time)
Will You show me how to let go, let go (Will you show me how to let go)
Let go, let go

Ooh-oooh, woah-oh
Ooh-oooh, woah-oh
Ooh-oooh, woah-oh
Let go
Ooh-oooh, woah-oh
Ooh-oooh, woah-oh
Ooh-oooh, woah-oh-oh

I've been learning how to throw up my hand
And fall to the floor on my knees
I wasn't made for myself
I've been talking to my Father
Apologizing, realigning priorities
I can say "It is well"
