

# We Don't Talk

Chloe Ament

I wanted more, and so I put the work in  
You watched as I did all the heavy lifting  
And I let get away with it  
Tried the whole "No, I can fix him" bit  
I just cracked under the weight of it  
And all for what?

We don't talk as much as we used to  
Every day a new excuse  
And I'm not trying to blame you  
I just want back all I gave you  
We keep falling out of touch  
I ran away, and you grew up  
And I'm not trying to blame you  
But I'm not the one to save you like I thought

I was hoping you'd read my mind  
Come sweeping in at the perfect time  
Say the right thing, mean what you say  
Fill every gap, heal every ache  
I tried to make a God out of my mistake

We don't talk as much as we used to  
Every day a new excuse  
And I'm not trying to blame you  
I just want back all I gave you  
We keep falling out of touch  
You ran away, and I grew up  
And I'm not trying to blame you  
But I'm not the one to save you like I thought

I, I want it back, I want it back and  
How can I move on if it never happened?  
I, I want it back, I want it back and  
How can I move on if it never happened?  
I, I want it back, I want it back and (I want it)  
How can I move on if it never happened? (I want it)  
I, I want it back, I want it back and (I want it)  
How can I move on if we never (I want it)

We don't talk as much as we used to (I want it)  
Every day a new excuse (I want it)  
And I'm not trying to blame you (I want it)  
I just want back all I gave you  
We keep falling out of touch  
We ran away, and we grew up  
And I'm not trying to blame you  
But I'm not the one to save you like I thought

Oh-oh-oh-oh-oh, oh-oh-oh-oh-oh  
Oh-oh-oh-oh  
I want it, want it back  
I can't move on 'til it happens  
I want it, want it back  
I can't move on
