

# Out Of Luck

Chloe Howl

Words stay unspoken  
Where are our focus?  
Wreck is clear to see  
Knew you were broken  
Thought I'd reopen  
your heart up to me

But tell me how I can stay by your side  
When I can't breathe  
I know she broke your heart but you made the problem mine  
Oh don't pin it on me

So we're out of luck  
Loving what is left of you, just stay enough  
And you know I hate to give you up  
But I try to find the best of you, the best of you  
The best of you, oh no no  
The best of you, oh no no  
The best of you, oh no no  
When I try to find the best of you, I'm out of luck

Lovesick then hurtful  
Your vicious circles making me dizzy  
Wish we were stable  
But you're not able to give that to me  
But even though I tell you all the time  
That you got me  
You never leave what's hurting you behind  
And give in to me

So we're out of luck  
Loving what is left of you, just stay enough  
And you know I hate to give you up  
But I try to find the best of you, the best of you  
The best of you, oh no no  
The best of you, oh no no  
The best of you, oh no no  
When I try to find the best of you, I'm out of luck

I've been enough  
I've been enough  
I've been enough  
I've been enough

So we're out of luck  
Loving what is left of you, just stay enough  
And you know I hate to give you up  
But I try to find the best of you, the best of you  
The best of you, oh no no  
The best of you, oh no no  
The best of you, oh no no  
When I try to find the best of you, I'm out of luck  
The best of you, oh no no  
The best of you, oh no no  
The best of you, oh no no  
When I try to find the best of you, I'm out of luck...
