

Says I'm sweeter than a cherry and she likes it
Stay up late and watch the strawberry sunset
Got me fuzzy like a peach and its pit-less out tonight
Are you down to ride?
Whipped cream on top like a sundae
I don't really give a fuck if it's a Monday
I just want to hear this song on replay
Hand in mine, are you down to ride?

Watermelon pink and green with all of the seeds (F-fresh as fruit)
Blueberry kisses still taste twice as sweet (S-super cute)
Hot rush lemonade with the orange trees
Super cutie, fresh and fruity (S-super cute)

And you know everyone's invited, I don't care if it's unrequited
Pick the apple from the tree open up and bite it
Always ripe and never rotten, you know we're never stopping
Twist of lime, losing track of time
And you know everyone's invited, I don't care if it's unrequited

Waiting, waiting
So close I can almost taste
Waiting, waiting
Just to see your face
Waiting, waiting

Waiting, waiting
Just to see your face
