

Knockout

chloe moriondo

Hit with the suckerpunch, sweet enemy
I'ma knock you out call me Ali
Know you wouldn't last one round with me

Center of attention
Satin hello kitty pink robe
Says he wants to feel my sting
Can he take it I don't think so

Cause the last one who tried
Yeah he dropped like a fly
Used to be punching bag
But now I'm winning stateside

Hit with the suckerpunch, sweet enemy
I'ma knock you out call me Ali
Know you wouldn't last one round with me
Uppercut, right hook, lose your teeth

KO!
And another one
KO!
And then another one
KO!
Baby I'ma knock you out just wait and see

Damn I think I like you, you're alright
So I won't bite, I'll leave you alive
Cause normally I'm terrified
It's punch drunk love, got an appetite but I'll

Punch guys, win the prize, I'm the pinnacle
Black, yellow, purple eyes, I'm invincible
No surprise, come on baby don't be cynical
Heavyweight champ got ya health rate critical

Hit with the suckerpunch, sweet enemy
I'ma knock you out call me Ali
Know you wouldn't last one round with me
Uppercut, right hook, lose your teeth

KO!
And another one

And then another one
KO!
(And then another one)
Baby I'ma knock you out just wait and see

And another one
And then another one
And then another one
