

## nice pup

chloe moriondo

You know I'm like a dog  
You can tug on my leash and tie me up real tight  
You know my mind is foggy  
So you can try to teach me how to be a nice pup  
How to be a nice pup, mmm

And I swear my bark is much worse than my bite

But I'm close to baring my teeth 'cause  
You've left me outside for weeks and  
I'm tired of sleeping in the rain all night  
And I'll still curl up at your feet and  
Try to give you everything you need and  
I'll be a nice pup if that's how you want me

I really hope you can't hear the ringtone in the background  
Jesus, dad, please be quiet

So I'll stay wound up at the door  
Tail between my legs, head on the floor  
But I want more  
Yeah, I want more  
I want more, I want more

And I swear my bark is much worse than my bite

But I'm close to baring my teeth 'cause  
You've left me outside for weeks and  
I'm tired of sleeping in the rain all night  
And I'll still curl up at your feet and  
Try to give you everything you need and  
I'll be a nice pup if that's how you want me

I'll still curl up at your feet and  
Try to give you everything you need and  
I'll be a nice pup if that's how you want me
