

Take Your Time

chloe moriondo

I've got this new tattoo, it reminds me of you
I wanna make you think I'm cool, what do I have to do?
If I could be a pretty girl, would it make you wanna do the things that I wanna do?
What do I have to do?

I wanna know, oh, oh, oh
What will it take you to make you wet?
Let me know, oh-oh, oh
You don't fade like old stick
And pokes
Just swimming through my mind, I'll take a break, you take your time
I'll take a break, you take your time

(La-la, la-la, la-la, la-la, la, la-la)
I just want a taste so make me
(La-la, la-la, la-la, la-la, la, la-la)
In my head I'm spinning
(La-la, la-la, la-la, la-la, la, la-la)
You'll never leave my mind
I'll take a break, you take your time
I'll take a break, you take your time

I know I should learn my own lesson, move on
But you've got a grip on me
All I think of are your eyes
And your fingers and your thighs
All I wanted is you, what do I have to do?

I wanna know, oh, oh, oh
What will it take you to make you wet?
Let me know, oh-oh, oh
You don't fade like old stick
And pokes
Just swimming through my mind, I'll take a break, you take your time
I'll take a break, you take your time

(La-la, la-la, la-la, la-la, la, la-la)
I just want a taste so make me
(La-la, la-la, la-la, la-la, la, la-la)
In my head I'm spinning
(La-la, la-la, la-la, la-la, la, la-la)
You'll never leave my mind
I'll take a break, you take your time
I'll take a break, you take your time
