

This stupid town isn't where I'm supposed to be  
But I'd burn it down if you say you'll be close to me  
And lie with my bones  
Skipping stones and pretty trees  
Would you leave this place with me?  
Flat horizon's all I see  
Drive all night to Tennessee  
Or we could just stay home

Feels like my head's going numb  
Everything makes me feel dumb  
Don't wanna see anyone  
Don't wanna see anyone  
Watch the town drip in flames  
We're playing video games  
Not here to see anyone  
Not here to see anyone

This goddamn town has made a werewolf of me  
I'll never know where I go at night  
All around me, all I see  
Are shiny, silver-bullet teeth  
And as they sink them into me  
I can feel their misery  
It just feels so empty being all alone out here  
The feeling of falling down  
But everyone's still in the air

Feels like my head's going numb  
Everything makes me feel dumb  
Don't wanna see anyone  
Don't wanna see anyone  
Watch the town drip in flames  
We're playing video games  
Not here to see anyone  
Not here to see anyone

They go and I grab ahold  
Everything I've ever known  
Don't wanna see anyone  
Don't wanna see anyone  
Watch the town drip in flames  
We're playing video games  
Not here to see anyone  
Not here to see anyone (We're playing video games)  
Not here to see anyone  
Not here to see anyone
