Boy Bye

Chlöe

I was always loyal, always taking the fall
When we were together, you were never involved
If we bring honest, it was never my fault
You just gave a little while I gave you my all

I don't understand it, are you playing pretend?
How you switching up and now you wanna be friends?
Yeah, you fool me once, won't let it happen again
Again, again, again

Hate it when you call me, call me
Always saying sorry, sorry
You're so unavailable, I should've known
Hanging up the telephone, I gotta go
Building up anxiety, inside of me
Got me feeling crazy, crazy
You're so unbelievable, I love you though
Oh

Boy bye, bye
I won't even cry
You stupid motherfucker
Boy bye, bye
I won't even cry
Go cry to your mama

You can go back to the girl you fucking on the low
You can save it, what you try to say you love me for?
I think by now that you should know that you a silly ho
Hate to say it, I'm the best that you will ever know

Hate it when you call me, call me
Always saying sorry, sorry
You're so unavailable, I should've known
Hanging up the telephone, I gotta go
Building up anxiety, inside of me
Got me feeling crazy, crazy
You're so unbelievable, I love you though
Oh

Boy bye, bye
I won't even cry
You stupid motherfucker
Boy bye, bye
I won't even cry
Go cry to your mama

Why do you build me up, boy, just to take me down?
A rollercoaster ride, we going 'round and 'round
I might just cut and run, 'cause this just ain't that fun
I know I love you much, but this time I swear I'm done

Boy bye, bye
I won't even cry
You stupid motherfucker
Boy bye, bye
I won't even cry

Go cry to your mama
