

Looze U

Chlöe

I don't wanna lose you, boy
But I've gotta chain myself, can't count on anybody else
I don't wanna lose you, boy
But if I don't save myself, I'ma just play myself

We so dumb, we so motherfucking toxic
We just talk this, we gotta stop this
Boy, that passion is so good to me (Good to me)
But how you be so spittin', be this mean to me?
Baby, gone forever then come back home, yeah, cling to me

Maybe I'm too young
Maybe I'm too dumb
To know you're not the one (Yeah)
To know you're not the one, ooh
And, maybe I'm too young (Maybe I'm too young)
Maybe I'm too dumb (Maybe I'm dumb)
To know that I'm the one
To know that I'm the one

I don't wanna lose you, boy
But I've gotta chain myself, can't count on anybody else
I don't wanna lose you, boy
But if I don't save myself, I'ma just play myself

So silly, silly, silly (Silly)
Silly me (Silly), silly you
Oh, I agree to disagree
I'm all in you, you smell so good (Smell so good)
Only you, the sex feels so good
And then that plane comes racin' down
We wanna fix it but we don't know how
Now I hate everything that I see
Now you hate everything about me
(I don't wanna lose you) Mm, maybe

And maybe I'm too young (Maybe I'm too young)
Maybe I'm too dumb (Maybe I'm too, maybe I'm too)
To know that I'm the one
To know that I'm the one, not the two, I'm the one

Boy, I'd rather soak in you, baby
But I'm losin' respect, you tell me right and it's left
I swear it's so up and down with you
And I ain't the type of girl to ask where you wanna be
You're either here with me (Or not)
Right here holdin' me (Or not)
Consolin' me (Or not)
All I needed (All I needed)
I know this shit ain't easy, that's your heart
Some things are better together, some things are better apart

I don't wanna lose you, boy
But I've gotta chain myself, can't count on anybody else
I don't wanna lose you, boy
But if I don't save myself, I'ma just play myself

Oh, oh, lose you boy
Save myself, anybody else
Lose you, boy, darling
