

# Make It Look Easy

Chlöe

No matter how many times I break  
I put myself back together every damn time  
Oh, mm, can I be honest with you?  
Oh, oh (UPNORTH)

Sometimes, I just feel I never get it right  
Even when I try, I say, "What's wrong with you?"  
Beatin' on myself like I was wrong with you, hey  
It's fucked up at home, I'm all on my own  
Overthinkin' always in my head  
Hate bein' alone, there's nowhere to run  
So, I'll pretend that I'm all good instead

Yeah, I make it look easy  
Yeah, I make it look easy  
But there's so much I'm needin'  
I just make it look easy, me

I throw myself in work like, yeah  
Got myself the bright lies  
'Cause it won't hurt if I lie  
So I try to find somethin' to control  
They don't know all the bullshit that I've been through  
They don't know  
Baby, wipe your tears, you gotta put on a good show  
Facin' all my fears, I don't wanna feel  
Please, don't make me feel, way too much for me  
Look at me, I'm bleedin' now, I'm cryin' out  
So much now

(I make it look easy, yeah, I make it look easy)  
If you could do the things I do with no complainin'  
(Yeah, I make it look easy)  
If you could walk in my shoes on the day-to-day  
(I just make it look easy)  
I don't look like what I've been through, no, baby  
Hey, I make it look easy

I just wanna be pretty, wanna be pretty, pretty  
I wanna be a pretty girl (Oh)  
I just wanna feel hope and fill up the hole completely  
I wanna be a pretty girl (It should be easy)  
I just wanna be pretty, wanna be pretty, pretty  
I wanna be a pretty girl (Oh)  
I just wanna feel hope and fill up the hole completely  
I wanna be a pretty girl (Oh)

Easy (Oh)  
Easy  
Yeah, I make it look easy  
I just make it look easy, me  
Yeah, I make it look easy (Yeah)  
Yeah, I make it look easy (I do)  
Yeah, I make it look easy (Yeah)  
I just make it look easy, me  
I just make it look easy
