

Roses are red, violets are blue
You might love me good, but not the way that I do

Whenever I want it
At 2 in the morning
I'ma get in my zone, yeah
Turn the lights low, yeah
And play my favorite song

I never met a nigga that could touch me like I touch me
Oh, I never met a nigga that could fuck me like I fuck me

Man, fuck them flowers, get my rose
I can get there on my own
Fuck them flowers, charge my rose
I'll be coming all alone

'Cause I never met a nigga that could love me like I love me
So fuck them flowers, charge my rose
I'ma get there on my own

Whenever I want it
At 2 in the morning
I'ma get in my zone, yeah
Turn the lights low, yeah
And play my favorite song

I never met a nigga that could touch me like I touch me
Oh, I never met a nigga that could fuck me like I fuck me

Man, fuck them flowers, get my rose
I can get there on my own
Fuck them flowers, charge my rose
I'll be coming all alone

'Cause I never met a nigga that could love me like I love me
So fuck them flowers, charge my rose
I'ma get there on my own

'Cause I never met a nigga that could love me like I love me
So fuck them flowers, charge my rose
I'ma get there on my own
