

# Shake

Chlöe

If I didn't have a dollar, find a way back for your love  
Whatever she won't do for you, I do that and all above  
You look like you from the 'burbies, make me have to picket fence  
If you said you had a boyfriend, he felt leapy, I wouldn't flinch  
I give you a hundred flavors, every night gon' feel like Vegas  
Let's get up until it's stuck, if we spin it's 'round the globe  
Got that softy, she so frosty  
Got that WAP, and you so icy  
With no license, ride it nice and slow

Woo, make a nigga wanna cake up with her  
Woo, spend a little time shaking 'round the clock  
Woo, ain't no telling what I might try  
Way too lit, we back outside

Shake it, shake it, shake, shake it  
Shake it, shake it, shake it, shake it  
Shake it, shake it, shake, shake it  
Get naked, naked, get naked, naked  
Just throw it back, yeah, lil' baby, just throw it back  
Yeah baby, just throw it back, not no Rollie, got time for that  
Shake it, shake it, shake, shake it  
Shake it, shake it, shake it, shake it

You like it when it jiggle, make it wiggle  
Give it to you, better make it sentimental  
Need it left, right, down, in the middle  
Got me singing all out like, oh  
Clap it loud, oh  
Bounce it down, oh  
Up, down, up, down, down south, way to the ground  
One more shot, I'm feeling faded  
Two more shots, I make you famous  
Let's stay up until it's stuck, if we spin, it's 'round the globe  
I got that softy, he so frosty  
I got that WAP, and he so icy  
With no license, ride it nice and slow

Woo, never make a nigga too comfortable  
Woo, know I got 'em lined up around the block  
Ain't no telling what I might try  
Way too lit, we back outside

Shake it, shake it, shake, shake it  
Shake it, shake it, shake it, shake it  
Shake it, shake it, shake, shake it  
Get naked, naked, get naked, naked  
Just throw it back, yeah, lil' baby, just throw it back  
Yeah baby, just throw it back, not no Rollie, got time for that  
Shake it, shake it, shake, shake it  
Shake it, shake it, shake it, shake it

Shake it for you, you, you, you  
Shake for somebody, you, you  
Somebody, somebody
