

Somebody

Chlöe

I'm just really feeling like I need somebody
I wish I could call you when I need somebody
Could you be somebody when I need somebody, body, body, need you

It's 4 in the morning, I'm drinking, I think of us
If I call, will you answer? Are you with her?
Am I good enough?

My love is stronger than ego
And I'm looking dumb
My guard's down, if yours is, come on in
'Cause baby I -

I'm just really feeling like I need somebody
I wish I could call you when I need somebody
Could you be somebody when I need somebody, body, body, need you

Somebody come over and stay 'til the morning
Somebody to hold me 'til the world is over
We're all scared, we're all scared to be lonely
So come over, come over, we won't be
Need somebody, somebody to hold me
To hold me

Tell me if it's you, I just need you right now
Tell me if it's you, love me 'til it's light's out
Tell me if it's you, running 'til the time's out
Tell me if it's you, I just need you right now

Yea, if you tell me to then I'll leave this party
I'll be waiting for you down in the lobby
There's a space for you right here in my bed, my bed
I said, yea yea yea

I'm just really feeling like I need somebody
I wish I could call you when I need somebody
Could you be somebody when I need somebody, body, body, need you

Somebody come over and stay 'til the morning
Somebody to hold me 'til the world is over
We're all scared, we're all scared to be lonely
So come over, come over, we won't be
Need somebody, somebody to hold me
To hold me

Tell me if it's you, I just need you right now
Tell me if it's you, love me 'til it's light's out
Tell me if it's you, running 'til the time's out
Tell me if it's you, I just need you right now

Tell me if it's you, I just need you right now
Tell me if it's you, love me 'til it's light's out
Tell me if it's you, running 'til the time's out
Tell me if it's you, I just need you right now
