

Strawberry Lemonade

Chlöe

Sweet sensation, we can make some strawberry lemonade
All day, all night, you can taste my strawberry lemonade

I got some sugar for ya, put it in this water
Different kind of flavor, are you ready for her?
You 'bout to get it tonight, said that you want me to ride
Gon' have the time of your life, burn it up, put it on ice, ice
Dip it in, stir it up
Get a taste, sippy cup
Open wide, not enough
Sugar, sugar rush

Sweet sensation, we can make some strawberry lemonade
All day, all night, you can taste my strawberry lemonade
I got that sugar for you
Sweet, too sweet
I got that sugar for you, baby
Like sugar

Oh yeah, lil' baby, you hitting the spot
Up in the house, right in the car
Freak in the night, up under the stars
Drive you crazy, baby
Come over, giving me all that you got
Doing it, doing it, making a shot
Start at the bottom, now I'm on the top
Don't I drive you crazy?
Pussy on juicy, I'ma squeeze it tight
You ain't gotta worry, I know what you like
Get what you want if you treat me right

Sweet sensation, we can make some strawberry lemonade
All day, all night, you can taste my strawberry lemonade
I got that sugar for you
Sweet, too sweet
I got that sugar for you, babe
Like sugar
I got that sugar for you
Sweet, too sweet
I got that sugar for you, baby
Like sugar

Freaky deaky, you can drink it, ooh, so tasty
Licky, quickie, sweet and sticky, oh, it drives you crazy
Mm-mm-mm-mm, good
Mm-mm-mm-mm, good
