

Surprise

Chlöe

If you be good to me then I'ma be great to you
If you stay down for me then I'll stay awake for you
Surprise
Slip my panties to the side

Gimme your money, baby, I'll make it rain for you
Feel like you cheating, the positions I play for you
Surprise
Tonight you get my freaky side

You like the way that I ride
Give you a piece of the pie
You say that you could just stay up and eat it
All morning and into the night
You know I never get tired
Teasing you just how you like
Yeah we both winning, I give you bidness
But you the one wearing the tie

Work that like how you should
Build me up, baby, gimme that wood
Make it gangsta, 'cause I like it real hood
Knock it down low, and, this is it go

If you be good to me then I'ma be great to you
If you stay down for me then I'll stay awake for you
Surprise
Slip my panties to the side

Gimme your money, baby, I'll make it rain for you
Feel like you cheating, the positions I play for you
Surprise
Tonight you get my freaky side

I get all dressed up for you
So you could take me down
My lipstick on your zipper
I like the way that sounds

You do it different with me
We got that kinda bounce
Turn it up, we get so loud
I'ma make my neighbors proud

Work that like how you should
Build me up, baby, gimme that wood
Make it gangsta, cause I like it real hood
Knock it down low, and this is it go

If you be good to me then I'ma be great to you
If you stay down for me then I'll stay awake for you
Surprise
Slip my panties to the side

Gimme your money, baby, I'll make it rain for you
Feel like you cheating, the positions I play for you
Surprise

Tonight you get my freaky side
(Freaky, freaky, freaky, freaky)
