Baptize

Chloe x Halle

Dunk me under water, trying to baptize me
I see you underwater, trying to rescue me
Hold me in the water as you will baptize me
Dunk me underwater, I come out the same

I won't change for you, I won't change for you
I won't change for you, I won't change for you no
I won't change for you, I won't change for you
I won't change for you, I won't change for you
I won't change for you, I won't change for you
I, I, I, I
I, I, I, I
I, I, I, I
I, I, I, I
