

Catch Up

Chloe x Halle

I'm already, don't know
I said I've already talked to myself
Maybe it's true what they say 'bout you
You're in the loop if you knew what I knew

You've been used at the hotel room
I smell the booze, not your cheap perfume
I'm quick to move on, don't get it confused
I have a future with shit to lose, (Go)

Whoa, you better turn up (Oh)
Oh, now you better catch up (Oh)
Front to back, girl, jigga chimmy cha-cha, mmm
Front to back, girl, let me see you cha-cha, mmm

You wanna talk 'bout me, what about you?
You like to party and hang with your groupies now
And I was up at midnight pacing 'round the room thinkin' 'bout
you
You turn your phone off, guess I will too

I know you were at a hotel room
You've got her lipstick on your shirt, I'm no fool
I'm quick to move on, don't get it confused
I have a future with shit to lose
You're gonna lose me, so now I

Whoa, you better turn up (Oh)
Oh, now you better catch up (Oh)
Front to back, girl, jigga chimmy cha-cha, mmm
Front to back, girl, let me see you cha-cha, mmm

Oh, you angry, I'm just tryin' to party
Why you trippin' when I give you what you give to me?
You run a big game, well, baby, I can play
You gon' be trippin' when I give you what you give to me

Whoa, you better turn up (Oh)
Oh, now you better catch up (Oh)
Front to back, girl, jigga chimmy cha-cha, mmm
Front to back, girl, let me see you cha-cha mmm
