Chloe x Halle

I sometimes wonder if you even wonder oh
About me and see me in your dream
Like I do in my dream; do you even wonder?
What are you mocked to a phone
Thinking of it like I do cause it's not a wonder
Oh-oh, oh-oh, oh-oh

(One more time)

Cause if you're trying to play me for a fool
(Uh huh)
Well little mister man, let me tell you
(Uh huh)
The only heart that's gonna break it ain't mine
Buckle up I'm 'bout to take over that's right, right, right
(Right, right, right, right)
