Hi friend how are you?

Has it been alright?
You good? Mmkay
We both trill
Wait is it just me that's right
Cause if we good then that means I'm tight
All we need is hype
Since there's no-one [?]

It's just me whoop dee whoop dee whoop de
Whoo whoo
It's just me whoop dee whoop dee whoop whoo
Whoo whoo

Wait who is that (Who is that?) staring back at me?
Is someone here for me?
No
It's that stupid mirror playing tricks
