

# The Kids Are Alright

Chloe x Halle

We don't really care about the trends you like to follow  
You know what they say, they here today and gone tomorrow  
Ooh  
Ooh

If I'm in the mood I get as ratchet as I wanna  
Turn around and show you, I could bless you with some culture  
Ooh  
Ooh

Workin' ain't no nine to five  
California that's a vibe  
Brings us always down to ride  
You know, you know that's the life  
We just wanna have some fun  
It's some love for everyone  
Pass it 'round when you get done  
That's the move yeah that's the one

We all, we all, we alright  
The kids are alright  
We all, we alright  
Yeah the kids are alright  
We all, we all, we alright  
The kids are alright  
We all, we alright  
Yeah, the kids are-

Everything is new cause we about that innovation  
Call it how we see it we a genius generation  
Ooh  
Ooh

Workin' ain't no nine to five  
California that's a vibe  
We down to ride  
You know, you know that's the life  
We wanna have some fun  
It's some love for everyone  
Pass it 'round when you get done

Do it while you young  
Don't let them tell you none  
Don't let them get you strung
