

## Messy Star

chokecherry

As we walk along the path  
All the fates they intertwine  
And you flash before my eyes  
Like a supernova

Through your eyes I wanted him  
Though your powers growing thin  
Through your eyes I wanted it  
But you're fading like, like a supernova  
Yeah, you're fading like a supernova

(Oh oh, woah, oh)  
Break my head into the sky  
(Oh oh, woah, oh)  
Tell me that it's suicide  
(Oh, oh)

Through your eyes I see your pain  
All the shadows intertwine  
And your moment crosses mine  
And I'm caught inside the way it was  
The way you are  
Oh, amen

(Oh oh woah, oh)  
Break my head into the sky  
(Oh oh woah, oh)  
Tell me that it's suicide  
(Oh oh woah, oh)  
Break my head into the sky  
(Oh oh, woah, oh)  
Tell me that it's suicide  
(Oh, oh)

Oh, oh, oh  
Oh, oh, oh  
Oh, oh, oh

As we walk along the path  
All the fates they intertwine  
And you burst before my eyes  
Like a supernova
