

Banker backed wars  
Pushing global agendas  
Smoke and mirrors disguise artificial conflict and lies

Dirty fucking rats  
Media altered reality  
Gold oil drugs  
GOD money god

Occupation of foreign lands  
Devastation systematic elimination  
In order to acquire the resources we desire

Feed it, we'll eat it  
Shove it down our throats

Teach it, we'll learn  
Indoctrinate our soul

Deceive us, mislead us  
Wrapped in the empires cloak

Corporations calling the shots  
Drones are making the kills  
Bankers are reaping the spoils  
Humanity is paying the costs

Gold - Oil - Drugs - God
