

## Master P

Choker

Old school kids  
Playing ball 'til momma calls my name, I'll never be  
A big league sensation  
You'll never be mine, no, you'll never be mine  
Right now, it's like  
Summers you dare to dream  
Relivin' our moonlight scenes  
These colors are prone to bleed  
That wasn't your place to be  
Nigga, I see it like Master P  
Ain't no limits, why so timid?  
Uh, yeah

I don't mind that your soul's shaky  
Anywhere you wanna go, I'll follow  
Anywhere you wanna go, I'll be there  
I don't mind that your soul's shaky  
Anywhere you wanna go, I'll follow  
Anywhere you wanna go, I'll be there

Oh yeah, oh, oh-oooh  
Ayy, ahh

Rarely do gravity match up with satisfaction  
Stare at morality, why would I match on your tone?  
Round my throat of the woods, the trouble float, ayy  
Round that ice like a husky, my paw done froze, ayy  
Niggas robbed my PlayStation, I wasn't home, ayy  
Now I double-check locks before I go, ayy  
And I would carry the Glock but I ain't sold, ayy  
Feel the result of protection ain't worth the hold, ayy  
Ayy, surfen' through the channels  
Univision with the subtitles and the tan skin  
Sunkist soft drink, hard blink  
I think you could be an actress, with a little practice  
Always someone else but yourself anyway  
You might as well get paid  
Ain't there some money you want?

I don't mind that your soul's shaky  
Anywhere you wanna go, I'll follow  
Anywhere you wanna go, I'll be there  
I don't mind that your soul's shaky  
Anywhere you wanna go, I'll follow  
Anywhere you wanna go, I'll be there
