## Choker

I waited for you in my dreams  
But you never showed up  
I wonder what that means  
You're not even there in my fantasies  
Watching my tape play, charismatic yeah  
Older in a day, or so they say  
The first one to wish my happy birthday was nba.com  
Usually my mom  
Used to sleeping in on a day-off  
Inspecting my reflection  
See the past in my dawn  
I don't wanna be calm  
But its better than alarm  
I don't wanna be lost  
But the search goes on  
In the shadow by noon  
Take me home right now  
Everything should be sound and functional  
By now  
Damn I know that's true

Got a new tattoo  
Never nothing like you  
Nothing like you  
Nothing like you  
Got a new tattoo  
Never nothing like you  
Nothing like you  
Nothing like you

You you you yeah  
You you you yeah  
You you you yeah  
You you you yeah  
You you you yeah

Oh babe, yeah  
Woo  
Woo-oo  
Ooh  
Ooh-ah  
Woo-oo  
Woo-oo  
Woo-oo  
Ooh-ah

You make unfamiliar comfortable  
I can't hide it, I can't lie about it  
Higher than I should be now [?]  
No one, no one that you know  
On the foyer  
Like a stash-house  
Launched into orbit  
Now you hate, hate  
Took your drivers test  
And you aced it  
Now you racing

Now you taste it  
How it feels to be alive
