Delivery

Chris August

One world
One need
One divine delivery
So you came down, yeah
And you made way for me
One way
One hope
One yes the rest no

Every breath that I get to breathe
Every part of my heart will surely believe
And it comes from you

You are my one supply
From death to eternal life
The way
The truth
The light
I am receiving my delivery
I'm receiving you
You are the delivery
I'm receiving you
You are the delivery
I'm receiving you
You are the delivery

Just me
Just you
And I feel it
Breaking through
Breaking new
Grounds yeah
So do what you gotta do
My heart
My mind
My soul and my eyes
I am yours

Every breath that I get to breathe
Every part of my heart will surely believe
And it comes from you

You are my one supply
From death to eternal life
The way
The truth
The light
I am receiving my delivery
I'm receiving you
You are the delivery
I'm receiving you
You are the delivery
I'm receiving you
You are the delivery

Your supply unlimited
Can't imagine the world I'm living in

Without you and all that you do your best
I'm blessed enough for two

I'm a child continually searching
Found a way but I want more churchin
Your love
Your grace
Your life chase it 'til the day I die

What ever the weather
You brought me back to better
When you gather my messes
I'm mended back forever

I was incompletely
Empty dreaming
And that's the reason
That I'm back forever

Yeah I've ridden the ride
I've seen the other side
Was a blank stare back
I looked it in the eyes

Don't wanna go back
So I'mma receive it
Sign it, seal it
Deliver?
Need it

You are my one supply
From death to eternal life
The way
The truth
The light
I am receiving my delivery
I'm receiving you
You are the delivery
I'm receiving you
You are the delivery
I'm receiving you
You are the delivery

I'm receiving you
You are the delivery
I'm receiving you
You are the delivery
I'm receiving you
You are the delivery
