

# Know You More

Chris August

It's been a while  
I'm overdue  
To take some time  
And spend it with You  
I'm free right now  
I'd love to talk  
And learn to listen  
To know You more than just a religion  
Cause I'm missing out

Sure I could sing You a song  
And learn from a speech  
That I heard in a church  
At the start of the week  
And it's good  
But that can't be all  
Cause I can recite you a prayer  
I read in a book  
What good is my heart  
If I still overlook  
The true intention of love  
The time that I take  
Will just be a waste  
If I stop to see  
But never to taste  
Speak to me Lord  
I wanna know You more

The surface cracked  
The depths revealed  
What I have lacked is something real  
Good thing it's not too late  
Cause I can't ignore  
My need for more  
Of what I was created for  
Made to know and love You everyday

Sure I could speak of the truth  
And learn every fact  
But to be about You  
Means that I interact  
My heart with the one who made it  
Cause Lord I have preached of the ways  
That the gospel can save  
Then kept living my life  
Like nothing had changed  
But I'm changing now  
For the one who has waited  
The time that I take  
Will just be a waste  
If I stop to see  
But never to taste  
Speak to Me Lord  
I wanna know You more

I stood in awe but never ventured to pursue  
The one who left an open door to let me through

But now I'm running strait to what I know is true  
Oh if I want to love You I have got to know You  
The time that I take  
Will just be a waste  
If I stop to see  
But never to taste  
Speak to me Lord  
Cause I wanna know You more  
I wanna know You more
