

Never Stop Loving You

Chris August

I've been an angel
But I've been a fool
See I was a golden child
Who's broken the golden rule
Through my good, through my bad
No You never stop loving me

I am sinner
But I sing like a saint
No I'm not as holy as the picture that I paint
Through my right, through my wrong
No You never stop loving me

I don't deserve
No I'll never earn it
Gave me everything
Unconditionally
So now I'm determined
In the highs and the lows
That I'm walking through
I'll never stop loving You

I can't walk on water
I can't calm the raging seas
Still I can follow the footsteps
Of the one you sent for me
In weakness I have seen this
That You never stop loving me

I don't deserve
No I'll never earn it
Gave me everything
Unconditionally
So now I'm determined
In the highs and the lows
That I'm walking through
I'll never stop loving You

I am loved
I am loved
I can feel it in my bones
You're the one
You're the one
There is none that's ever shown
How to love like You
Give grace like You
I just wanna be more like You

I don't deserve it
No I'll never earn it
Gave me everything
Now I'm gonna return it
I don't deserve
No I'll never earn it
Gave me everything
Unconditionally
So now I'm determined

In the highs and the lows
That I'm walking through
I'll never stop never never never stop loving You
