

Superhero

Chris August

You make me feel like I'm invincible
Like nothing could keep me down
Like I could stand on top of a bullet
And ride it around, ride it around, baby
Just call me Mr. Incredible
I'll sweep you right off your feet
I'll be your shining knight in the night
So you can see, ooh, you can see

You make me a superhero
Like I am unstoppable
Fly with me into the future
I'll be everything you want

I'll throw my fist through a freight train
I'll pick you up off the tracks
I will avenge every villain
Who broke your heart
And I'll steal it back, I'll steal it back, baby

You make me a superhero
Like I am unstoppable
So fly with me into the future
I'll be everything you want

You are like my kryptonite
I lose my mind every time
Girl, you make me weak in the knees
Can't believe I feel this way
Girl, you are my Lois Lane

You make me a superhero
Like I am unstoppable
So fly with me into the future
I'll be, I'll be everything you want

You make me a superhero, baby
Superhero
Girl, I marvel, and I marvel
I marvel at your ways
Girl, you're driving me insane
Yeah, I marvel, oh I marvel
Yeah, I marvel at your ways
Ooh, you're driving me insane
Oh, I marvel at your ways
You make me a superhero
