

This is Us

Chris August

So here I am bought to write your song
It's gotta be different from the others
Not just a story that's made up by me
But one that breathes from what is real
Cause this is real

This is us
This is us
So I'll sing a melody
To declare a part of me
Is now with you
Cause this is us
Oooo

So here we are walking hand in hand
And this is nothing short of magic
The stars align and then I find I won
And I am one with you (yeah)
It is you

This is us
This is us
So I'll sing a melody
To declare a part of me
Is now with you
And this is us

This is a one of a kind
You are so beautifully mine
For me the sun never shined til you came here
Nothing can stand in the way
When this was put into place
I now have something to say that

This is us
This is us
So I'll sing a melody
To declare that all of me is now with you
Cause this is us
This is us
This is me and you
Oooo This is us
