

# Forgiven

Chris Botti

Every night  
All the years are passing through me  
Was I wrong?  
'Cause,  
When you find out  
Love is blind, then it's too late  
You can't do anything

These are the chances we take  
Reasons that we can't explain  
Follow your heart everyday  
Pray it'll be forgiven

Don't let go  
Until all your days are broken  
We were one  
Now I'm standing  
In the rain and you were gone  
I gave up everything

These are the chances we take  
Reasons that we can't explain  
Follow your heart everyday  
Pray it'll be forgiven

I wanna talk to you  
What can I say to you?

These are the chances we take  
The reasons that we can't explain  
Follow your heart everyday  
Pray it'll be forgiven

These are the chances we take  
Reasons that we can't explain  
Follow your heart everyday  
Pray it'll be forgiven

Pray it'll be forgiven

Pray it'll be forgiven

I wanna talk to you  
What can I say to you?

I wanna talk to you  
I can be forgiven  
mmm  
I can be forgiven  
mmm
