

# Back to Love

Chris Brown

I, I know I might let you down  
Every twice in a while and I apologize  
I get emotional sometimes, ha

But I'll keep running with my best foot forward  
'Cause the race to love is never over  
I wanna be better for ya  
You made me genuinely better

You opened my heart, oh  
You got me back to love  
Back to love  
Let's get back to love

I know I lost it, now I wanna get it back  
You know I wanna get it back  
There's a light on the path  
And now I found it, here with you is where it's at  
Now I'm never looking back  
No, I'm never going back

I, I might get lost in the clouds  
Every once in a while but I found a way out, huh  
I get stronger with time, ooh

You opened my heart, oh (Oh)  
You got me back to love (Oh, woah)  
(That's where I'm meant to be, that's where I'm meant to be)  
Ooh, back to love  
(Right where we're meant to be, right where we're meant to be)  
Can we get back to love?  
(Can we get back? Can we get back?)  
To how we used to be

I know I lost it and I wanna get it back  
Now I wanna get it back  
There's a light on the path  
And now I found it, here with you is where it's at  
Now I'm never looking back  
No, I'm never going back

Had a good girl but I ain't treat her right  
I was up in her head with bullshit every night  
Took a little time, but now I got it right  
You opened my eyes up to see the light

But I'll keep running with my best foot forward  
'Cause the race to love is never over  
I wanna be better for ya  
You made me genuinely better

You opened my heart, oh  
You got me back to love  
(That's where I'm meant to be, that's where I'm meant to be)  
Back to love  
(Right where we're meant to be, right where we're meant to be)  
Let's get back to love

(Can we get back? Can we get back?)

Can we get back to love?

Back to love

Can we get back to love?

Back to love

I know I lost it, now I wanna get it back

Now I wanna get it back

There's a light on the path

And now I found it, here with you is where it's at

Now I'm never looking back

No, I'm never going back
