

# Beg For It

Chris Brown

Girl, I woke up before the light  
Thinking about tonight  
I can't, I can't sleep  
Just a few hours ago  
We had the TV on  
Drowning out your scream  
Tell me your favorite love song girl  
I'm gonna play it while your toes curl  
Girl what you're saying speak your mind  
Girl, tell me what you like

I'm a make you beg for it  
Beg for it  
I'll give you what you need  
Only if you say please  
I'm a make you beg for it  
Beg for it  
Go on whisper your wishes to me, baby

Not gonna lie to you wasn't expecting you,  
To have me on my knees, yeah  
I'm gonna make you cry  
Tears from your paradise  
And love your ass to sleep  
Yeah You've got my favorite secrets on,  
And I wont use my hands to take them off  
Girl what you're saying  
Speak your mind  
Tell me what you like!

I'm a make you beg for it,  
Beg for it  
I'll give you what you need  
Only if you say please!  
I'm a make you beg for it,  
Beg for it  
Go on and whisper your wishes to me, babe!

Baby I'm gonna let it go,  
Girl, you go get it good  
I'm gonna make twenty more seconds  
Feel like twenty more minutes  
Baby I'm gonna make you scream, yeah  
I'm not finished yet, twenty more seconds  
Oh, you ain't gotta beg no more  
I'm a give it up  
I'm a give you all my love  
And baby I  
I'm gonna give you what you're asking for  
But if you want more  
I'm gonna make you beg, beg  
And I'm a give you what you need  
Only if you say please  
I'm a make you beg for it, beg for it, beg for it  
Is your body telling me, oh?

I'm a make you beg for it,

Beg for it!  
I'll give you what you need  
Only if you say please!  
I'm a make you beg for it,  
Beg for it!  
Go on and whisper your wishes to me, babe!
