

C.A.B. (Catch A Body)

Chris Brown

Yeah, huh
She know the demon comin' to party, right?
Haha
Yeah
Oh

Mami, you sad, she wanna sit
But she on the pole
She understand, she gotta give
If she wanna glow
Crashin' the whip, whiter than snow
Fresh out the boat
She tryna fly, now we on a trip
Somewhere in Dubai (Ayy)
She lovin' the life (Ayy)
Still high in the buildin', look down at the sky (Ayy)
Girl, that pussy crazy, you know my mind ain't right
I know that she ready, she'll find out tonight

I got a feelin' we finna be close
I got a feelin' you already know
Baby, let me take control
You ain't gon' be solo no more
Know you see me

Iced out for the party (The party)
Chef's got me feelin' saucy tonight
If I fucked your girl, I'm not sorry, no (Sorry)
I ain't cuffin' anybody
Tonight I'm on go, go (Party)
'Cause I can fuck with anybody
Tonight I'm on go, go (Sorry)
I'm just tryna catch a body tonight (Yeah, look)

I got it on me when I link her (I got it on me when I link her)
Huh, she like that (She like that)
She want me to fuck her, I might pass
But I still fell in love with her nice ass (Oh)
I see a opp, he see the gun in a light flash (Grr)
Baow (Baow)
They know I'm in love but I'm still a demon
You better not get me in my bag (Yeah)
And we don't kiss when we in front of the bros
I leave the party and come to the shows
You've been through the worst, she ain't even fold
Say you miss, how they ain't even blow (Baow, baow, baow)
Uh-huh, yeah
I'm one of a kind, ain't too many more, uh (Ain't too many more)
That shit I've been through made me grown, uh (Grown, uh)

I got a feeling we finna be close
I got a feeling you already know
Baby, let me take control
You ain't gon' be solo no more (No more)
Know you see me (Yeah)

(Come here)

Grip on her ass, kiss on her lips, I'm grabbin' her throat
She doin' to me a couple things I didn't know
She got a dragon tatt' on her back down to her legs
Hit it, spread them wings, spittin', spittin' flames
Nice, I talk to her nice, I'm gon' hit her twice
She gon' take my mic', speak up, hi
Make her sing my line, feet up in the sky
Let's do it

I got a feeling we finna be close
I got a feeling you already know (You know)
Baby, let me take control (Yeah)
You ain't gon' be solo no more (No more)
I know you see me (Yeah)

Iced out for the party (The party, party)
Chef's got me feelin' saucy tonight
If I fucked your girl, I'm not sorry, no (Sorry)
I ain't cuffin' anybody
Ooh, tonight I'm on go, go (Party)
'Cause I can fuck with anobody (I can, I can)
Tonight I'm on go (Go), go (Go, sorry, baow, baow)
I'm just tryna catch a body tonight

Girl, you can't wear no clothes
Look at you drivin' the boat
Out at sea
Droppin' it off like, "Woah"
'Til you can take anymore (Tonight I'm on)
Dick make you weak, curl your toes
Bet you, you comin' the most
Bet she gon' leave in the mornin'
I see a freak and I want it
I like that, all bad
Innocent, you'll never be
Whip it, this that recipe
Geeked off them amphetamines
We on, babe, on, babe
Coochie is my therapy
Gucci on my letterman
Two seats, I got head in it
This my weekend regimen (Come here, yeah)

Iced out (Woo) for the party (The party)
Chef's got (Oh) me feelin' saucy tonight
If I fucked your girl (Oh), I'm not sorry, no (Sorry, baow)
