

# Dangerous

Chris Brown

I don't know what it likes to taking us,  
Somethin in the night is dangerous,  
Nothin's holding back the two of us,  
Baby this getting serious.  
Dangerous, Dangerous, Dangerous, Dangerous, Dangerous.

U...U take me down  
Spin me around  
U got me running all alives  
Don't make a sound  
Talk to me now  
Let me inside your mind

(Don't know what your thinking sugar, oooh  
But I just got that feeling sugar,  
And I can hear the siren but in red light is turning I can't turn back now,)  
So on. On time,

I don't know what it likes to taking us,  
Somethin in the night is dangerous,  
Nothin's holding back the two of us,  
Baby this getting serious.  
Oooh Dan-Dan-dangerous  
Ooah Dan-Dan-Dangerous

Show me a soul  
I gotta know  
Bet that your beautiful inside  
Souls are mixed like  
Are moving fast  
Some take the wheel and drive

(I don't know what your thinking sugar, oooh  
But I just got that feeling sugar,  
And I can hear the siren but in red light is turning I can't turn back now,)  
So on. On time,

I don't know what it likes to taking us,  
Somethin in the night is dangerous,  
Nothin's holding back the two of us,  
Baby this is getting serious.  
Ooah Dan-Dan-Dangerous  
Ooah Dan-Dan-Dangerous

Oh yea. Yea babe.  
I'm not scared babe  
Running all way like vision on an asian babe,  
This's a lil carzy, may be we all  
Do it by hiding that she wanted a guy,  
And I don't know what you did,  
Don't know what it is,  
Can't explain no,  
It's Dangerous.

Its Dangerous  
So Dangerous  
I wanna do it here girl,

Its Dangerous  
So Dangerous  
I wanna do it here girl,  
Dangerous,  
So Dangerous...

I don't know what it likes to taking us,  
Somethin in the night is dangerous,  
Nothin's holding back the two of us,  
Baby this getting serious.  
Oooh Dan-Dan-dangerous  
Ooah Dan-Dan-Dangerous.
