

Die Young

Chris Brown

Die-ie-ie-ie, oh
Would you miss me?

If I die ie-ie-ie-ie
All of my niggas, they came with the choppers
Ride or die as a young nigga
Codeine all up in the pineapple Fanta
Ride or die as a young nigga
I'mma be a when legend if I go
If I die ie-ie-ie-ie
All of my niggas, they came with the choppers
Ride or die as a young nigga
Codeine all up in the pineapple Fanta
Ride or die as a young nigga
I probably die

Hear a gunshot sound
Another black man down
Another innocent killed by the police
Which side are you on [?]
All the violence is red & blue, ooh
And a son's of a mother who never had a father
Tryna change a boy to a man, got love for you
Mamma don't cry, we gon' be alright
'Cause one men shouldn't hate on another men
Judge no one 'cause of the color skin, ohh
And stop killing each other out it's genocide
And if I die before I wake
I just pray to God, my soul to take, ooh yeah
If my brother is riding then we riding
Livin' like a young nigga

If I die ie-ie-ie-ie
All of my niggas, they came with the choppers
Ride or die as a young nigga
Codeine all up in the pineapple Fanta
Ride or die as a young nigga
I'mma be a when legend if I go
If I die ie-ie-ie-ie
All of my niggas, they came with the choppers
Ride or die as a young nigga
Codeine all up in the pineapple Fanta
Ride or die as a young nigga
I probably die

In the projects it's made so we don't progress
Experimental test watchers kill each other
Film another homicide, they tape it
Nobody make it
See, he goin' to kill the same lab rat he was raised with
Such and such, so and so, brother
They got right on top of each other
Too close, he got a new toast to shoot close
Gun go bang, talk your slang
Basics, soon the whole hood gon' have cases
See my neighbours, see my haters, see federal agents
Pharmacies ain't giving out no medical favors

But we got scripts to Codeine and icy cotton
Gettin' rich off that like ain't no other options
Autopsy, dissect 'em, they open him up
All they wanna see is if he had coke in his blood
'Cause the cops shot him just 'cause he came from the rock bottom
Now you see his name in the body column, they bodied him

If I die ie-ie-ie-ie
All of my niggas, they came with the choppers
Ride or die as a young nigga
Codeine all up in the pineapple Fanta
Ride or die as a young nigga
I'mma be a when legend if I go
If I die ie-ie-ie-ie
All of my niggas, they came with the choppers
Ride or die as a young nigga
Codeine all up in the pineapple Fanta
Ride or die as a young nigga
I probably die

I'm living for my daughter
'Cause my baby need a father
Don't wanna die a young nigga
You got my back, I'm rollin' with you
Holding me down, that's what we do

If I die ie-ie-ie-ie
All of my niggas, they came with the choppers
Ride or die as a young nigga
Codeine all up in the pineapple Fanta
Ride or die as a young nigga
I'mma be a when legend if I go
If I die ie-ie-ie-ie
All of my niggas, they came with the choppers
Ride or die as a young nigga
Codeine all up in the pineapple Fanta
Ride or die as a young nigga
I probably die
