Dream

Chris Brown

Baby, look what you done started
Fuck you in the shower or the counter, we got options
Put it all on you tonight, yeah
You know that it's on sight (Yeah)
Oh, ah

I'm the reason you keep comin' back, girl, you fiendin'
I'm addicted to the way you ride it when you screamin'
Tryna touch your soul when I'm all in it, can you feel me? (Yeah)
And I don't care who hears us

Baby, I want you to scream (Oh)
And not in a bad way (Bad way)
Put you to bed early
I'ma take you to a new place
Close your eyes and go to sleep (Ooh)
I ain't talkin' 'bout a nightmare (No)
And I been waitin' all day (All day)
So don't hold back, babe
Baby, I want you to dream (Ooh), yeah
Dream (Ooh), yeah
Dream (Ooh, dream), yeah
You gon' see me, baby, when I make you dream

Body drippin', I'ma start lickin'
Wanna taste all of your flavors
New position, yeah, baby, listen
We wakin' up all the neighbors
We can have a private party
And we don't have to tell nobody
Baby, yeah
And that's why I know that

I'm the reason you keep comin' back, girl, you fiendin'
I'm addicted to the way you ride it when you screamin'
Tryna touch your soul when I'm all in it, can you feel me? Yeah (Yeah)
And I don't care who hears us

Baby, I want you to scream (Oh)
And not in a bad way (No, baby)
Put you to bed early (Put you to bed, huh)
I'ma take you to a new place (Place)
Close your eyes and go to sleep (Go to sleep)
I ain't talkin' 'bout a nightmare (No)
And I been waitin' all day (I been waitin')
So don't hold back, babe (No, no)
Baby, I want you to dream (Oh-woah), yeah (Yeah, baby)
Dream (Ooh), yeah (Girl, go to sleep, girl, go to sleep)
Dream (Oh, yeah), yeah
You gon' see me, baby, when I make you dream
